airplane sky voyage gameplay. airplane sky voyage. airplane sky voyage steam

I played 30 minutes and that was enough. while the flying physics in the free flight mode are enjoyable, the levels are a total mess. the first level is easy enough, but the second level is horrible. you need to fly through the rings but you have a limited amount of feul. the first plane doesnt ave enough feul, so i grinded the first level a lot to buy the second plane, that moved to fast to control! i personally dont recommend it unless you really really like free flight and exploration. to be fair, the animation and visuals are pretty good. (also the speed meter is really dumb. 300 kilometers per hour is 100 ingame metres per second).. It is to simple. Feels and looks like a smartphone game at best. Shame :(
